

INTEGRATIVE PSYCHIATRIC MEDICINE PRACTICE

Lifestyle Medicine

S'eclairer is dedicated to the care of the whole person, body, mind, and spirit, while integrating science-based, mindfulness-centered treatments to complement your medical care. This integrative and holistic treatment approach will advance your awareness and recovery from depression, anxiety, panic attacks, trauma, alcoholism, drug dependence, pain, obsessive compulsive disorder, marital and family conflicts, medical conditions, and the stress of life. You are invited to pay attention to your recovery by participating and managing your health and total well-being in the compassionate environment at S'eclairer.
